

Cross Reference List

AP Racing Clutches → Helix Performance Clutches

Helix Autosport was established in 1992 and is now a leading supplier of hand-made competition clutches based in the UK with distributors around the globe.

Helix Autosport clutches and flywheels have become a market leader for their reliability and performance, both on and off the race circuit.

We offer a wide range of clutch kits and flywheels to suit Classic, Historic, Performance, Race and Drift spec vehicles.

Helix Autosport thrives itself in being the only clutch manufacture to still be supplying a performance range of clutch kits to fit a huge variety of vehicle brands.

Here at Helix we have managed to cross reference the current applications that have already been discontinued see below for more details however if there's an application you're looking for but can't see listed - please contact rob@helix-autosport.com.
